HEATING COOLING PLUMBING ELECTRICAL

30+ years of local home service expertise

Same-day Repair **Next-day Install**

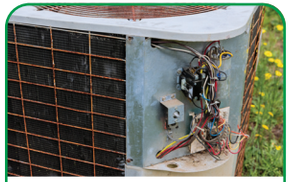

Tips to help your home's HVAC, Plumbing, and Electrical systems:

- HVAC maintenance improves indoor air quality and can reduce repair costs by up to 30-50%
- Timely repairs can cost up to 5x less than a delayed repair and improve system efficiency
- Systems that are outdated or poorly maintained can fail up to 25% faster and cost more to run.
- Plumbing and electrical repairs or upgrades can boost home value by up to 10%

Joining our Comfort 360 membership plan gives you access to first-in-line priority service, exclusive discounts, and included maintenance at no additional cost. Plus, ask about our $500 instant loyalty credit.

Don't ignore these costly signs for help!

If you're experiencing any of these problems or other out-of-the-ordinary issues, give us a call today. Fixing them now could save you thousands of dollars!

HVAC

- Uneven temperatures
- A/C not cooling
- Strange smell or noises

Plumbing

- Slow drains or frequent clogs
- No hot water (or too little)
- Discolored or foul smelling water

Electrical

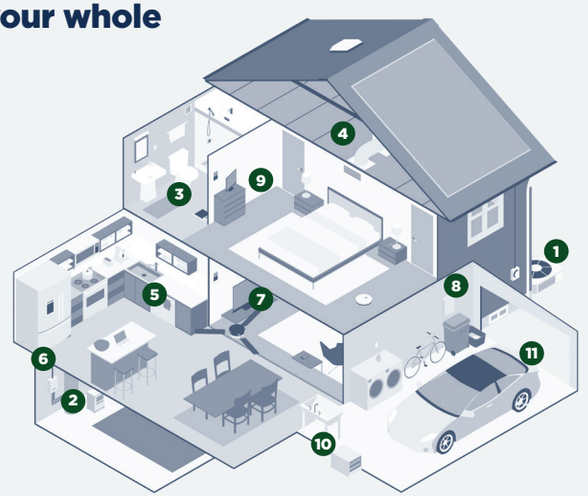

- Power loss due to storms or heat
- Flickering lights
- Tripping breakers

Call (860) 579-1097 today or book online at HarpHomeServices.com/Mail

Count on us for your whole home comfort

We're equipped to help you with anything from:

1. Air conditioning
2. Water heaters
3. Leaky plumbing
4. Heating systems
5. Clogged drains
6. Water treatment system
7. Lighting fixtures
8. Electrical panel upgrades
9. Surge protection
10. Generators
11. EV charging stations & much more!

***Did you know?** Indoor air quality can be **2-5x** worse than outdoor air quality. Add an air purifier for cleaner, healthier air.*
